

2021 CONTEST RULES

The Student Keystone Media Awards contest recognizes high school and college journalism that provides relevance, integrity and initiative in serving readers.

ELIGIBILITY: Entries that are eligible for competition must have been published between January 1, 2020, and November 30, 2020.

Any student at any public, private or parochial Pennsylvania high school, college or university who has had his or her material published in the school news publication may enter the contest. Students who have had their work published on a digital news site may enter the contest provided the site 1) is available to the general public on the Internet and has been so for a minimum of one year; 2) consists of student-generated content and is updated a minimum of once a month; AND 3) is affiliated with (i.e. receiving financial and/or staff support or web hosting service from) a high school, college or university in Pennsylvania.

Individual or team (more than one person) entries may be submitted into the contest. There are no limits on the number of entries each person or team per category may submit. The same exact entry may not be entered in any other category; however, part of a specific entry may be used in more than one category (i.e. news photo or feature photo may be used as part of a photo story). All entries must be uploaded as electronic files. Printed tearsheets are not acceptable as an entry format. Visual and digital elements may be included with the writing entries including apps, videos, audio, photos and graphics. The PNA Foundation cannot determine into which category specific entries should be submitted; nor can we confirm entries submitted (you will receive an Official Entry Form after each successful entry which confirms your entry was submitted correctly).

JUDGING: Entries will be evaluated based on the following: subject matter (worthiness, reader appeal, relevance, full development); presentation (pleasing style, literary excellence, incisiveness, research, enterprise, originality); effectiveness (objectivity, persuasiveness, reader identity, reader response). Pennsylvania news editors and/or collegiate news advisers will judge the contest. The judges reserve the right to not award the number of specified awards per each category or give no awards at all based on the number of entries.

AWARDS: One plaque will be awarded to each winner for first place, and certificates will be awarded for second place and honorable mention. Winners will be notified by February. Depending upon social distancing recommendations and government regulations in spring 2021, winners may be honored at a Student Keystone Media Awards Luncheon to be held in Harrisburg, date to be determined. Prior to the awards lunch a session featuring professional journalists may be held. Winners and advisers will receive more information when awards are announced. If held, the PNA Foundation will supply plaques to all first place winners in attendance at the presentation. Certificates will be mailed to winners not in attendance with the option to purchase plaques. If no in-person event is held, certificates and the appropriate plaques will be mailed to all winners at no charge.

NEW THIS YEAR!

Contest now includes more categories - Podcast and Diversity, and several Broadcast Categories!

Also, a new earlier entry deadline of November 30!

HOW TO PREPARE ENTRIES

NOTE: All entries must be uploaded as electronic files. Printed tearsheets are not acceptable as an entry format.

1. Entries are accepted in these formats: PDF, DOC, TXT, JPG, GIF, and PNG.
2. When uploading files, any filename may be used. The BNC website uses information entered (newspaper name, division, category, etc.) to assign a unique code to each file. These codes assign your entries to the proper categories and circulation groups for judging.
3. Newspapers must upload a PDF of the entire page on which the entry appears - not the column or article alone. For examples with more than one page, please combine all pages into one PDF. For entries that contain more than one example, combine the pages of all examples into one PDF.
4. The maximum single uploaded file should not exceed 5 megabytes. It is strongly recommended to compress files to under 3 MB so judging can be done more efficiently. Judges will view your files on their computers, so 300-resolution files are not needed (or helpful - they just hog server space). You can reduce your JPG or PDF file size by re-distilling to 72 dpi. For larger files, you may create more than one PDF (i.e. create a separate PDF for each page or section) and attach all pertinent PDFs to that specific entry. There is no limit to the number of attachments per entry.

NOTE: It is recommended that for extremely large files and for video and audio entries, you host your content online, either by uploading it to a free streaming third-party content website, such as www.Issuu.com, www.YouTube.com, www.vimeo.com, kiwi6.com, tindeck.com, etc., or talk to your IT person about adding it to your organization's website. Make sure your content will be accessible online throughout the contest and awards process. Important: please ensure that items are not behind a paywall or password-protected area. If they are, you must provide username/password information in the Comments section of your entry. Judges may disqualify your entry if work samples are inaccessible.

2021 ENTRY INSTRUCTIONS

TO SUBMIT ENTRIES:

1. On the Manage Entries page, click Submit Entry.
Please be sure your school is shown in the correct circulation group/division as outlined in the general contest rules. If your circulation group/division is listed incorrectly, contact the PNA Foundation at foundation@pa-news.org or (717) 703-3003.
2. Select "general" from the division drop down menu.
3. Select the appropriate Category from the drop down menu.
Be sure to read the Category Note which describes the category's requirements.
4. Complete the Headline/Title field. Use an entry title that will clearly identify your entry for the judges. Don't make the judges guess what they are looking for! For example, use a story's headline or the first several words of the headline.
5. Based on the type of entry, add content by uploading your digital files. Click Browse to select a file from your file menu and then click open. Allowed file types are PDF, DOC, TXT, JPG, GIF, and PNG. If more than one attachment is desired for this entry, click on "browse and attach more files" and repeat these steps. Be sure all attachments for a specific entry are submitted under one entry headline in the online system. This will ensure you are only billed once for each entry.
6. Website/URL(s)/Link attachments: If you were unable to create and attach a PDF for this entry and needed to create a website URL, or if the category asks for website presence for web/audio/video content, enter the URL/Link in this section.
7. Optional: You may add any comments about your entry which may assist in the judging process. Be sure to include any required username/password information if you created a webpage for your entry and it is located behind a Paywall or is password protected.
8. Add Credits for those responsible for the entry content. If there are more than four names, please enter Staff. **These names will be merged into winners' reports and award certificates, so be sure names are spelled correctly.**
9. Click Submit Entry.
10. After each successful entry, the Official Entry Form will be presented. This is confirmation of your entry. (See Login Instructions about Contestant Manager validation, if necessary.)
11. Select Submit Another Entry to submit more entries, or Manage Entries which will allow you to review the entries you've already submitted, or Logout.

TO MANAGE ENTRIES:

1. There are two tables on the Manage Entries page – "entries" (enabled and will be judged) and "disabled entries" (will not be judged).

2. Use the "Action" links for each individual entry which allow you to view your Official Entry Form/Label, edit an incomplete entry or make certain changes, and toggle any entry between enable/disable.

NOTE: Every enabled entry will be billed to you, so be sure to disable or delete any duplicate entries.

PAYMENT CALCULATION:

1. On the Manage Entries page, confirm your school name, circulation division and number of entries submitted in the upper right corner.
2. Click Calculate Entry Fee.
3. A list of all your enabled entries will be displayed. Review the list of entries for accuracy. The Total Entry Fee Due is calculated at the bottom of the list.
4. Select the check boxes for the entries for which you want to pay, then:
 - a. **If paying by check**, click the Pay By Check box at the bottom of the page. You will be taken to a page where you will enter your check details (check number and amount). You will then be able to view a report that indicates which entries are paid for, as well as the status of the payment (i.e., paid ck). Please print this report to submit with your check. After your check is received in the mail, your entries will be marked paid as indicated by a "confirmed" status.
 - b. **If paying online with PayPal or credit card**, click the Pay Now box at the bottom of the page. If you have a PayPal account, you can log in to complete payment. Or you can pay using a credit card by entering your credit card information. There is no requirement for you to establish a PayPal account. Be sure to strictly follow the instructions provided online. After clicking Pay Now, you will receive a confirmation. **During the PayPal process, do not hit your "back" button! Also, be sure the billing name and address information you enter exactly matches your debit/credit account.**
5. You may return to your Manage Entries page to confirm your online payment. Payment status will indicate "confirmed" for each entry paid via credit card online. Any other payments will be manually confirmed by PNA Foundation staff upon payment receipt.
NOTE: The online system will not be available to you after the deadline date, so be sure to print your receipt(s) prior to that date.
