

Your Valuable Home Licensing Procedures

Introduction

The information contained here is intended to simplify the licensing and usage of Your Valuable Home content (one hour shows.)

The first shows available for licensing are those that were broadcast over Talk Radio 1210 WPHT, Philadelphia's #1 AM talk station, during the Oct. 2019 – Sept. 2020 broadcast year.

Our 2019 – 2018 shows which were originally broadcast over 610 ESPN AM and Talk Radio WWDB in Philadelphia, will be available www.yourvaluablehome.net in January 2022, our 2018 – 2017 files – also broadcast over 610 ESPN AM and WWDB AM – will be available in January 2023.

Beginning in Q1 2021, Your Valuable Home will transition to podcasting via the New Pod City Podcast Network with access on Apple and all other popular podcasting directories at the rate of 52 to 54 approximately 1-hour shows per year. Podcasts will be archived, and made available to our licensees at the end of each podcast year.

Your Valuable Home Licensing Procedures – 2

Minimal editing should be required, since we have striven to record content that is “evergreen.”

Our files are priced at **\$20/thousand** as sound files that may be added to a Licensee’s website.

These files are available two ways:

Option A

With all broadcast and sponsor references edited out and remixed to include a podcast-style open and close with no space in each show for commercial announcements. Editing cost additional per show. Ask for quote.

Licensees may sell sponsorships to shows edited and remixed this way, with announcements before the opening and after the close.

Option B

With all broadcast and sponsor references edited out and remixed to include a podcast style open and close, and with one or two minutes of mid-roll space in each show for commercial announcements. If you wish to sell sponsorships of shows edited and remixed this way, ask for a quote to produce Option B files, including insertion of Licensee-provided commercial announcements.

NOTES:

1. Option A and B files must be ordered through Your Valuable Home Customer Service in sequence – beginning with our September 2020 shows, and going back to October 2019.
2. Option A and B editing costs are due at time of order.
3. The \$20/thousand cost for files due prior to uploads to Licensee.

Cost Cap

We cap cost at 1,500,000 circulation, whether our files are ordered for transcription or edited and remixed for use as sound files on a Licensee’s Website.
